2019 Annual Report

2-1-1 Service in Illinois

Presented to:
The Illinois Department of Human Services and The Illinois General Assembly
March 6, 2020

To: The Illinois Department of Human Services and The Illinois General Assembly

Attached for your review is the annual report of 2-1-1 activity in Illinois. This report satisfies the requirement in Section 1.2.2. of the contract between the Department of Human Services and 2-1-1 Illinois; a not for profit corporation established to oversee the implementation of 2-1-1 telephone service in Illinois. Also note I have left in the 2018 charts as a comparison.

During 2019, service was available in fifty-five (55) counties within the state. In addition, 91 out of the 102 counties in the state are currently covered by a service agreement with a 2-1-1 call center. The counties without a provider are Cook, DuPage, Grundy, Christian, Will, Peoria, Fulton, Tazewell, Woodford, Marshall, Stark and Putnam.

Thirty-six percent (36%) of Illinois residents have service in their area. We hope this number will continue to grow as the means to cover the implementation and ongoing costs of the service are identified and allocated.

The 2-1-1 Board has started a statewide planning process due to the loss of coverage in Peoria and the surrounding counties. The Heart of Illinois United Way/AMT was de-designated on July 31, 2019 due to failure to meet Accreditation Standards set in their 2-1-1 contract. They will continue to provide information and referral via their local call center 800 number.

Lake County implemented 2-1-1 in September of 2019. The City of Chicago and Cook County are not actively planning on implementation. DuPage County Department of Community Services provides information and referral Monday through Friday during normal business hours and is currently in the planning stages to provide 2-1-1 service by January 1, 2021. Will and Grundy Counties have information and referral provided by Crisis Line of Will County 24 hours a day, they are not 2-1-1 due to cost factors of the 2-1-1 switching fees, telephone upgrades and data tracking. We hope that by the end of 2020 Illinois will be at approximately forty-three percent (43%) covered with addition of DuPage, Ford, Logan and Crawford Counties.

If you should have any questions, please let us know via your 2-1-1 Board members: Jay Hidalgo IDHS; Mark Kinnaman IDHFS; Phil Anello IEMA; Winfred Rawls IDPH; Lisa Zuurbier IDOA; Michelle Hanneken Serve Illinois Commission; or George Light ICC.
